

2 75mwh solar container energy storage system in Mauritania

How will Mauritania's new solar power project help agri-food industry?

The project will provide rural electrification for 40 localities in south-eastern Mauritania,through the installation of hybrid mini photovoltaic power plants and the construction of connecting lines. The project will also support value-creating activities,especially in the food cold chain and agri-food processing.

What is LZY solar storage?

LZY offers large,compact,transportable,and rapidly deployable solar storage containersfor reliable energy anywhere.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations,power outputs,and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean,renewable solar energy.

How much money does the AfDB give to Mauritania?

This is the largest financing ever granted by the AfDB to Mauritania. The second project, the project to strengthen productive and energy investments for the sustainable development of rural areas (RIMDIR), is a \$16 million grant from the Sustainable Energy Fund for Africa (SEFA), a multi-donor trust fund managed by the AfDB.
