

What is the sk625 625va/360w uninterruptible power supply (UPS)?

Power your devices without interruption using the SK625 625VA/360W uninterruptible power supply (UPS). Safeguard your valuable equipment and router power fluctuations with this reliable UPS and surge protector power strip. Ensure uninterrupted power for your router, computer and camera with dedicated battery backup.

What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS) is a device designed to provide power when the power goes out. A sudden outage can cause not only the loss of important data, but also damage to equipment. With a UPS connected, you gain time to save your work and safely shut down your equipment.

What is a 650V/390W uninterruptible power supply?

The 650V/390W uninterruptible power supply (UPS) features an Ecologic battery backup. It offers an automatic power saving mode and a multifunctional LCD panel, making it modern and convenient. This UPS uses a simulated sine wave output to protect workstations, network devices, and home entertainment equipment.

How do I choose an uninterruptible power supply?

To select the right uninterruptible power supply (UPS), calculate the average power required for all connected appliances. For instance, a 350-500 VA capacity is suitable for an LCD monitor or a regular PC.
