

How is direct marketing used in Mauritania?

Direct marketing is on the rise in Mauritania. There are increasingly popular new sources of spreading information to the public, mainly through the internet and mobile technologies. E-commerce and other online websites are also used to advertise products.

How do imports work in Mauritania?

From there, they are trucked to wholesalers, distributors, and retailers who distribute them directly to the end users. Large wholesalers, especially those involved in the leading family conglomerates that dominate much of Mauritania's economy, account for the majority of the country's import trade.

What is a switchgear used for?

It includes in one unit two switches that can connect the load to either or both main conductors, and a fusible switch or circuit breaker and switch that feed a distribution transformer. This type of switchgear is used for medium-voltage power distribution, from 7.2kV to about 36kV volts.

Where can I find information about business in Mauritania?

The Employers' Association, the Chamber of Commerce, and the Mauritanian Information Center for Technical and Economic Development maintain lists of business groups and/or individuals and other information useful to companies wishing to do business in Mauritania.
