

Choose a portable power bank

How to choose a power bank?

Look for a power bank with at least 2 USB charging portson it. That way,you can charge your phone and another device at the same time. Usually,the charging ports on a power bank will have different charging outputs,so that you can charge larger devices at the same rate as smaller ones.

What are the best portable chargers & power banks in 2025?

November 18, 2025: With this update, our lineup of recommended portable chargers and power banks remains unchanged. The existing picks have been vetted for currency and availability. The Anker Laptop Power Bank has a capacity of 25,000mAh, but more importantly, it can deliver 100W of power from a single port.

Are power banks portable?

When it comes to portability you'll need to consider two aspects: weight and volume. They are both generally directly proportional to the device's capacity. Thus,the more mAh a power bank has,the heavier and bulkier it tends to be.

Do you need a power bank?

Power banks (portable chargers) have become increasingly popular over the past several years as smartphones have become ubiquitous. For a world on the go,making sure your devices stay charged throughout a day of constant use is a must.
