

Discount on High-Temperature Resistant Folding Containers for Tunnels

What is a Feurer insulated container?

FEURER insulated containers offer the ideal solution for the transportation and storage of temperature-sensitive products. Whether food, medical products or sensitive goods - our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination.

What is a tunnel shipping container?

Tunnel containers provide two access points, they have two sets of standard double-doors (one at each end of the container) making it easy to access both ends of the shipping container. Tunnel Shipping Containers are typically purchased by clients who want improved access to the contents of their container.

Why should you choose insulated containers?

Whether food, medical products or sensitive goods - our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination. With high-quality materials and sophisticated design, we combine excellent protection with easy handling and sustainable reusability.

Are tunnel shipping containers available for resale?

Tunnel shipping containers are typically only available in new 'one trip' condition, owners typically create them for a specific purpose so they hold onto them. There aren't many tunnel containers available for resale in used condition.

High tunnels and greenhouses provide protection for crops, extend the growing season, and improve yield and quality. However, climate change brings both a higher ...

Reduce costs with Flexcon's collapsible containers. Our durable, reusable totes collapse flat to save on return shipping and reclaim valued warehouse space.

Benefits and uses of foldable transportation plastic pallet box folding. How these space-saving containers optimize logistics and cut costs.

Shrink tunnels play a critical role in a successful shrink sleeve labeling application. Shrink tunnels use heat to shrink the film/sleeve ...

Discover our diverse range of insulated containers, perfect for maintaining the temperature of your goods without the need for active refrigeration. ...

Insulated containers ensure secure, efficient, and sustainable transport for temperature-sensitive goods. They maintain the cold chain and protect product integrity. ...
