

What is an isolator switch?

Isolator switches, also known as disconnect switches or circuit breakers, are electrical devices used to disconnect electrical circuits from their power source. They provide a means of isolating circuits or equipment for maintenance, repair, or safety purposes.

Who makes RS isolator switches?

RS is a trusted supplier and distributor of isolator switches, offering a comprehensive range of high-quality products from leading brands such as RS PRO, ABB, Eaton, Schneider Electric, Siemens, and more. Our extensive selection ensures that you can find the perfect isolator switch for your specific application needs.

What is an enclosed isolator?

Enclosed isolators provide a reliable and robust solution for electrical isolation needs, ensuring a high level of protection for personnel and equipment.

What types of isolation switches are available?

Isolator switches are available in both single-phase and three-phase configurations, depending on the specific application and electrical system requirements. Single-Phase Isolator Switches: These switches are designed for single-phase electrical systems, where power is supplied by a single line and a neutral conductor.

High Quality PV Disconnect Box DC1000V Circuit Breaker Solar Isolator Switch extremeshome (1446)
98.9% positive

Main switches are electrical isolator devices that disconnect entire installations or circuits from power supply. Available in 80A-100A ratings with single-pole, double-pole, or three-pole ...

The isolators / disconnectors are mechanically operated safety device incorporated for electrical isolation of system. Open position provides safe and desired isolation. Hence, they are widely ...

At Sell Circuit Breakers In Melbourne FL, we work diligently to ensure a smooth and hassle-free experience for our customers who Sell Circuit Breakers In Melbourne FL leverages our ...

Introducing our high-quality Isolator Breaker, produced by Zhejiang Changan New Energy Technology Co., Ltd. This innovative and reliable product is designed to meet the ...

Phoenix EMS offers a high-quality range of stainless steel isolator handles that conforms to all lockout requirements and are available in both front ...

Discover Insulect's extensive range of locally manufactured and sourced switchgear products and services for substations, overhead ...

We stock Fuses, Fuse Holders, Circuit Breakers, Power Distributors & Relays. Shop online, with over 5000 products, we deliver Australia-wide & International.

Single or 3-Phase Isolator switch? Isolator switches are available in both single-phase and three-phase configurations, depending on the specific application and electrical system requirements.

Supplier of High Quality Transmission and Distribution Outdoor Switchgear Equipment, Manufacturing in Australia since 1930. As local manufacturer, ...

Enclosed Isolators Enclosed isolators provide a reliable and robust solution for electrical isolation needs, ensuring a high level of protection for personnel and equipment. NHP offer various ...

Looking for high-quality isolator breakers from top factories in China? Our high-quality isolator breaker is engineered for reliability and efficiency, making it an essential ...

Main switches are electrical isolator devices that disconnect entire installations or circuits from power supply. Available in 80A-100A ratings ...

Breakers & Isolators Alt-Tech provides a vast range of solar DC isolators, battery isolators and DC circuit breakers including NOARK products which will allow you to isolate or switch power in off ...

Features: High quality porcelain insulator with inherently puncture & bird proofs. Silver to silver contacts. Optional "Safety Latch" prevents blade ...

The Solar Isolators category features a range of high-quality products from reputable brands such as CBI Heinemann, Gen3 Industrial Switchgear, NHP, PGK ...
