

What are solar tiles?

Solar tiles are roofing materials that can produce energy directly from sunlight. Solar tiles are integrated into the roof itself and function as both a roofing substance and a source of energy, as opposed to conventional solar panels, which are mounted on top of an existing roof.

Are solar tiles available in the UK?

Solar tiles are a relatively new product and as such only a limited number of manufacturers offer them in the UK. Tesla are the biggest brand offering solar tiles and you are able to pre-order in the UK via their website (with a deposit), but Tesla are yet to confirm when installations will begin.

What are the different types of solar tiles?

Solar Century offers three types of solar tiles: C21e Solar Slate, C21e Solar Plain tile, and C21e Solar roof tile. Each C21e PV tile has a 50Wp output, resulting in a 138 Wp output per meter square of area.

Do solar roof tiles have a warranty?

Glass and steel roofing tiles make up solar roof tiles. While the latter is flexible and can be installed on rooftops of any size or shape, the former is strong and offers exposure to the sun, which produces energy. In addition, while solar panels have a 20-year warranty, solar roof tiles have a 25-year warranty.
