

New Delhi's first shared power base station

Which energy storage solutions provider has commissioned BSES Rajdhani kilokari substation?

AmpereHour Energy, a full-stack energy storage solutions provider, in consortium with Indigrid, has commissioned BSES Rajdhani Power Ltd's (BRPL) 20 MW/40 MWh battery energy storage system (BESS) project at the BSES Rajdhani Kilokari Substation in Delhi.

How GEAPP helped BSES Rajdhani Power Limited & BRPL?

GEAPP, in collaboration with IndiGrid and AmpereHour Energy, assisted BSES Rajdhani Power Limited (BRPL) in commissioning the 20 MW/40 MWh BESS project in New Delhi at a record-breaking 20-month delivery schedule.

Why is Indigrid launching a commercial battery storage project?

Marking IndiGrid's entry into commercial battery storage, this milestone project represents a pivotal moment in India's energy transition. The BESS installation is engineered to support renewable energy integration into the distribution grid, enhance grid stability, manage peak demand, and fulfill ancillary power system needs.

Who is BSES Rajdhani Power Limited (BRPL)?

BSES Rajdhani Power Limited (BRPL) is a joint venture between Reliance Infrastructure Limited and Govt of NCT of Delhi. The company supplies electricity to over 3 million customers, covering a population base of over 12 million in South and West Delhi.

In Detail : IndiGrid has successfully commissioned India's first regulated, utility-scale standalone Battery Energy Storage System (BESS) for a power distribution company in ...

AmpereHour Energy, in partnership with Indigrid and BRPL, delivers a pioneering 20 MW / 40 MWh BESS in South Delhi, enhancing grid reliability, cutting emissions, and ...

AmpereHour Energy, a full-stack energy storage solutions provider, in consortium with Indigrid, has commissioned BSES Rajdhani Power Ltd's (BRPL) 20 MW/40 MWh battery ...

NEW DELHI | 8 May, 2025 -- The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone ...

India has approved its first commercial standalone Battery Energy Storage System (BESS) project, marking a milestone in the country's progress towards clean and renewable ...

The 20 MW/40 MWh utility-scale standalone battery energy storage system is designed to seamlessly integrate renewable energy into the distribution-level grid system, ...

New Delhi s first shared power base station

Ashish Sood, Delhi's power minister, opened South Asia's "largest" battery energy storage system (BESS) at Kilokari on Thursday. The system, which is India's first approved ...

IndiGrid, one of India's foremost power sector Infrastructure Investment Trusts (InvIT), has announced the successful commissioning of the country's first regulated utility ...

NEW DELHI | 8 May, 2025 -- The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone Battery Energy Storage System (BESS) ...

India's first commercially approved standalone 20 MW battery energy storage system (BESS), which can provide four hours of daily power, is nearing completion in Delhi. ...

AmpereHour Energy commissions India's first standalone utility-scale BESS, enhancing Delhi's grid with 40 MWh daily storage.

Ashish Sood, Delhi's power minister, opened South Asia's "largest" battery energy storage system (BESS) at Kilokari on Thursday. ...

The 20 MW/40 MWh utility-scale standalone battery energy storage system is designed to seamlessly integrate renewable energy ...
