

Portable solar panel prices in Tampere Finland

Does Finland have solar power?

There is plenty of solar energy available in Finland, and solar power is predicted to be one of the lowest-cost electricity production methods in the coming years.

Where should I buy solar panels?

We recommend acquiring your panels from a reliable company that is sure to remain in business for the entire lifecycle of your solar power system. A good salesperson will answer any use-phase questions you may have, handle your warranty issues, if necessary, and enable you to expand your system and add new products to it.

Can a solar power system be used at a summerhouse?

The solar power systems provided by Helen cannot be used at summerhouses that are not connected to the grid. The installation site needs to have an electricity connection as our solar power systems and electricity storages must be connected to the grid. Can a solar power system be used as a backup system in case of blackouts?
