

Solar panels outdoor power generator for home use

Which solar generator is right for You?

Whether you want something compact for camping or a larger unit for emergency home backup, these solar generators deliver the goods. The Jackery Solar Generator 2000 Plus is a fast-charging portable power station that can be bundled with SolarSaga 200W panels for recharging off-grid.

Do you need a solar generator for home backup?

With climate disasters on the rise, the need for a solar generator for home backup is more acute than ever. But, for most of us, this is new territory and it can be difficult to unpack what your power needs are and how much budget you need to build an effective emergency setup.

How do I choose the best solar generators?

To pick the best solar generators, we tested some of these power stations for charging capacity, ease of use, weight, and different use cases. Some picks were reviewed by Popular Mechanics test editor Brad Ford, who provided input for the larger-capacity units.

Should you buy a portable solar power generator?

While you might ideally keep maxed-out models for your home, if you have a loved one who loves to spend time camping and in the great outdoors, a portable solar power generator will make a great addition to their camping gear list. Lastly, if you've decided to buy a solar power generator, keep an eye on the return policy.
