Try Solar Outlet! We are the largest online distributor for solar panels, inverters, batteries and complete kits. Solar Outlet supplies leading brand products with a hassle-free easy online ordering system. We have warehouses in Sydney, Brisbane, Melbourne, Adelaide, Perth and Townsville.

How much does a solar inverter cost?

When the battery is full, the excess energy can be sold back to the grid or used to power other devices. The cost of a solar inverter varies depending on the size, brand, and features. On average, a small residential inverter can cost around \$500 to \$1,000, while a larger commercial inverter can cost upwards of \$10,000.
